

Motor characteristics

Motor type	single-phase, 4 shaded poles
Supply voltage	220...240VAC 50Hz
Input power	110 W
Output power	34 W
Rated current	0.85 A
Insulation class	B
Degree of protection	IP42
Protection type	thermal protection 135°C±5°C
Applicable ambient temperature	-30°C...+50°C
Bearing type	sleeve bearing
Installation	horizontal
Service life	> 20 000 hours
